

ANIMALS IN THE KELSEY MUSEUM

In the past, people lived with animals just like we do today. Some animals were pets, some were sacred, some were food, and some had jobs to do!

What's your favorite style?

Artifacts in the Kelsey are made of wood, glass, bone, clay, stone, metal, paint, and more. Artists in the past used different artistic styles. Compare, for example, the style of the Egyptian bird (#3) vs. the Greek bird (#7).

Draw your own pet or your favorite animal in the style of one of the animals you saw today!
